## Accounting Equation Questions And Answers

Answers and explanations. The basic accounting equation is  $\text{assets} = \text{liabilities} + \text{owners' equity}$ . You can always double-check your answer by going back to the original equation  $\text{assets} = \text{liabilities} + \text{owners' equity}$ . In this example, the sum of liabilities of \$245,000 and owners' equity of \$331,000 is \$576,000.
