Vantage electric utility vehicles have a steel frame and body to survive those hard knocks that a work truck sees every time it's used. Real roll up windows and door locks. We have a 72 volt (or higher) drive system with a smooth and powerful AC induction motor standard, not 48 volts or a brushed DC motor like the other guys.

eACTIVE | Vantage Vehicle

EVs have fewer moving parts than Internal Combustion Engine vehicles, which means they have a smaller number of components in need of regular checkup and repair.

However, a few things will need your attention from time to time: 1) Monitor the battery. In an electric car, the battery takes up most of the space
