Hippocratic Writings Hippocrates

It may take some thought to realize this, but Hippocrates' writings were probably so important because they are such an extensive listing of healthcare issues. Almost all of what Hippocrates has to say about why things are the way there are is wrong, but he is pretty good, at least, when it comes to observation and writing down what he sees.

Hippocratic Writings (Penguin Classics): 9780140444513 ...

It is impossible to be certain which, if any, of the works in the Hippocratic corpus were written by Hippocrates himself (c.430 BC). His fame was such that many Greek medical writings became attributed to him. What they have in common is not dogma but, rather, constructive debate between one another.
