### Ice Cream & Sadness: More Comics from Cyanide & Happiness

The first spoonful always tastes the best, but Gearhardt said the more ice cream you eat, the more it leads to diminishing returns, and it gets to the point where "I don't even taste it." (In 2013, researchers at Würzburg University in Germany published a study on how sadness can mask our ability to taste fat.) "It's not about the pleasure or joy or paying attention to the taste," she said.
