### **Industry Demographics - Fantasy Sports & Gaming ...**

A fantasy sport is a type of game, often played using the Internet, where participants assemble imaginary or virtual teams of real players of a professional sport. These teams compete based on the statistical performance of those players in actual games. This performance is converted into points that are compiled and totaled according to a roster selected by each fantasy team's manager. These point systems can be simple enough to be manually calculated by a "league commissioner" who coordinates
