# **JOURNAL OF ASTRONOMICAL HISTORY AND HERITAGE**

ISSN 1440-2807

### **EDITOR**

Professor Wayne ORCHISTON (Thailand)

# **ASSOCIATE EDITORS**

Professor Richard G. STROM (Netherlands)
Professor Joseph S. TENN (USA)

#### **EDITORIAL BOARD**

Dr David ANDREWS (England)
Dr Alan BATTEN (Canada)
Dr Allan CHAPMAN (England)
Dr Suzanne DÉBARBAT (France)
Dr Wolfgang DICK (Germany)
Dr Steven DICK (USA)
Professor Bambang HIDAYAT (Indonesia)

Professor Rajesh KOCHHAR (India)
Professor LIU Ciyuan (China)
Professor Tsuko NAKAMURA (Japan)
Professor NHA II-Seong (Korea)
Professor F. Richard STEPHENSON (England)
Professor Brian WARNER (South Africa)

The Journal of Astronomical History and Heritage (JAHH) was founded in 1998, and since 2007 has been produced three times yearly, in March, July and November. It features review papers, research papers, short communications, correspondence, IAU reports and book reviews.

Papers on all aspects of astronomical history are considered, including studies that place the evolution of astronomy in political, economic and cultural contexts. Papers on astronomical heritage may deal with historic telescopes and observatories, conservation projects (including the conversion of historic observatories into museums of astronomy), and historical or industrial archaeological investigations of astronomical sites and buildings. All papers are refereed prior to publication. There are no page charges, and *in lieu* of reprints authors are sent a pdf or Word camera-ready version of their paper so that they can generate their own reprints on demand.

Prospective authors may download the 'Guide for Authors' from <a href="http://www.narit.or.th/en/files/GuideforAuthors.pdf">http://www.narit.or.th/en/files/GuideforAuthors.pdf</a> or request it from Professor Wayne Orchiston (wayne.orchiston@narit.or.th). Intending contributors should carefully follow these guidelines when preparing manuscripts. Papers and book reviews should be e-mailed to Professor Orchiston, or posted to him at:

National Astronomical Research Institute of Thailand 191 Huay Kaew Road Suthep District Muang Chiang Mai 50200 Thailand

Enquiries concerning review copies of books, advertising space, and back numbers of the *Journal* also should be directed to Professor Orchiston.

The JAHH is now an electronic journal. All content back to Vol. 1 may be downloaded free of charge from either the Journal's web site at <a href="http://www.narit.or.th/en/index.php/jahh">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://bit.ly/1bMwxBr">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://bit.ly/1bMwxBr">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://bit.ly/1bMwxBr">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://bit.ly/1bMwxBr">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://bit.ly/1bMwxBr">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://bit.ly/1bMwxBr">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://bit.ly/1bMwxBr">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://www.narit.or.th/en/index.php/jahh">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://www.narit.or.th/en/index.php/jahh">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://www.narit.or.th/en/index.php/jahh">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site (<a href="http://www.narit.or.th/en/index.php/jahh">http://www.narit.or.th/en/index.php/jahh</a> or the SAO/NASA Astrophysics Data System site of the Journal will continue to be produced three times a year (nominally in March, July and November) and posted on both sites. Those who wish a hard copy may print it out or have it done by their local printers. For this reason a single pdf of each entire issue is available on the site at NARIT.

## **COVER IMAGE**

The temple of Apollo at Delphi was the seat of one of the most influential oracles in the Hellenistic World. Its orientation is puzzling, but may be related to the heliacal rising of Vega ( $\alpha$  Lyr) and its appearance above the Faidriades in December, which coincided with Apollo's departure for Hyperborea. How this might be related to seasonal variations in the emission of hallucinogenic gas, and other annual astronomical events, is described by loannis Liritzis and Belén Castro in their paper starting on page 184.
